GREETINGS AND SALUTATIONS FOR 1938

We take great pleasure in presenting our 1938 descriptive catalog of high class dahlias as grown in our gardens. Realizing that to list an enormous number of dahlias is confusing and can serve no good purpose, we have listed only those of superior merit.

We desire to thank our many customers for their liberal patronage during the past seasons and for the many kind letters telling of their success they had with our dahlias, both in the gardens and show room. We ceaselessly endeavor to maintain a reputation for fairness, integrity and trustworthiness to do a clean business, satisfactory to our customers. Our business comes from those who send us their orders year after year. They know they can depend on us for good stock and a square deal.

PLEASE READ BEFORE ORDERING

Our stock is all true to name, and guaranteed to arrive in a growing condition. We will cheerfully replace any that prove otherwise, if notified promptly.

We never substitute, unless directed, and will promptly refund the money for any order or part of order we are unable to fill.

We pay all delivery charges and must request payment in full before order is shipped. All orders will be shipped about May 1, unless otherwise requested. Please write your name and address plainly. Order early and avoid disappointment, as some varieties may be sold out if you wait.

Full cultural directions with each order, if requested. We do not grow green plants as they do not give satisfaction. If you do not see listed what you want, write, we may have it but failed to list same. Quotations on any popular variety. Any new varieties will be furnished at the prices quoted by the originators.

We have Dahlias in collections at \$1.00, \$2.00, \$2.50, \$3.50 and \$5.00 per dozen, our selection, all labeled, except \$1.00 collections, all different as long as stock lasts. The best buy in the catalog for the money, and the only way for one who is not familiar with Dahlias to buy, or you may pick your own collection, as follows: 12 of any one priced Dahlia, for the price of 10. For example, 12 25c Dahlias for \$2.50, etc. All different. All one kind. Or as many of the different kinds as you wish.

OUR RECENT INTRODUCTIONS

Roots

Ruth Carmen, (I. D.) (1938)—Very large and beautifully shaped flowers. Stems that will hold up such a flower and will attain a length of three feet or more. Deep yellow in the center of the blooms, which fades to a white around the edges, giving the flower the appearance of having a halo around it. Keeps well when cut and one that you can win with in any competition. Also excellent as a cut flower tho it is rather large for florists' use..... **\$25.00**

Roots

Hoosier Elegance, (C.) (1938) —Medium in size, this cactus can be used in a number of ways. Not too small for a cut flower. Not too large for florists' use. Straight type; Color: shades of Amber, Salmon and Terra Cotta; lighter in the center and passes thru amber to salmon and terra cotta around the edges. Excellent stems and a good keeper when cut.....	10.00
Hoosier Sunburst, (I. D.) (1937) —Color, old gold and amber shaded Strawberry red. Large flowers with serragated petals, on a long cane like stem, and although the blooms are old and faded, they never lose their petals. A wonderful cut flower and a fine keeper when cut.....	5.00
Hoosier Sunshine, (F. D.) (1936) —This is one of the most pleasing yellows we have ever grown. Large flowers on long wirey stems, the outer edges of the petals are white, giving the flower the appearance of being dusted with snow. Very profuse bloomer. This dahlia should be topped as it will grow too tall, being topped it will carry 12 or more large blooms at a time and will make a beautiful showing.....	5.00
Hoosier Glory, (I. D.) (1935) —Another new break in the ever changing type of the Dahlia, both in bush and flower formation. Bush dwarf and rounded, about 4 feet and resembling a Hedge or a Boxwood plant. Blooms are the new Chrysanthemum type, and the color is a very brilliant, fiery red.....	3.50
Hoosier Radiant, (F. D.) (1934) —This monster bloom fairly glistens, both in the sun and under artificial light. Color, bright golden apricot with copper shading on the outer edge of the petals. Excellent cut flower on very long stems, also fine for exhibition.....	1.50
Hoosier Triumph, (I. D.) (1934) —A pure clear yellow, without any traces of other coloring, either shadings or markings, as with most yellows. Large flowers of good keeping qualities on nice stems.....	1.00
Mrs. Ada Peters, (F. D.) —Salmon pink with golden center and rays, or flashes of gold running out through the salmon, resembling the setting sun. A sport of Jersey's Beauty, and a good one.....	.35
Mrs. Austin Hough, (I. D.) —If you can picture a Jane Cowl the color of the old Dahlia Mrs. I. De Ver Warner, you have a very good description of this monster. Color light Phlox purple20
Virgiina Dunn, (F. D.) —White, each petal bordered with deep rich lavender, very beautiful. You cannot go wrong on this one. The leading lavender with our cut flower trade.....	.25
